Fantastic

Greenspeed Condenser
Infinity 80 Furnace

Condenser M#24VNA0
Furnace M#58CVA

PERFORMANCE

- Up to 19 SEER
- Variable stage compressor adjusts infinitely between 40-100%
- WeatherArmor Ultra protection pack
- Variable speed blower motor: best in class in energy efficiency
- 80% AFUE furnace
- Two-stage heating

SOUND

- Sound levels as low as 56 dBA
- Enhanced 7-point SilencerSystem II: Variable-speed condenser fan motor
Split post compressor grommets
Compressor sound blanket
Forward-swept condenser fan blade
Laminated mounting plate
Top with silencer airflow baffle
- Furnace: QuieTech noise reduction

COMFORT

- Ideal Humidity System technology
- All-in-one control automatically adjusts temperature & humidity

CONTROLS

- Communicating Infinity energy management control w/ Wi-Fi
- Remote access
- 7-day programmable
- Touch-N-Go feature
- Best energy saving intelligence
- 46 diagnostic check points

Best

Infinity Condenser
Infinity 80 Furnace

Condenser M#24VNA9
Furnace M#58CVA

PERFORMANCE

- Up to 18 SEER
- Five-stage compressor
- WeatherArmor Ultra protection package
- Variable speed blower motor: best in class in energy efficiency
- 80% AFUE furnace
- Two-stage heating

SOUND

- Sound levels as low as 56 dBA
- Enhanced 7-point SilencerSystem II: Variable-speed condenser fan motor
Split post compressor grommets
Compressor sound blanket
Forward-swept condenser fan blade
Laminated mounting plate
Top with silencer airflow baffle
- Furnace: QuieTech noise reduction

COMFORT

- Ideal Humidity System technology
- All-in-one control automatically adjusts temperature & humidity

CONTROLS

- Communicating Infinity energy management control w/ Wi-Fi
- Remote access
- 7-day programmable
- Touch-N-Go feature
- Best energy saving intelligence
- 46 diagnostic check points

Better

Performance Condenser
Performance 80 Furnace

Condenser M#24APB6
Furnace M#58CTW

PERFORMANCE

- 15-16 SEER
- One stage compressor
- Weather Armor Ultra protection package
- Variable speed blower motor: best in class in energy efficiency
- 80% AFUE furnace
- Two-stage heating

SOUND

- Sound levels as low as 68 dBA
- Compressor sound blanket
- Furnace: QuieTech noise reduction

COMFORT

- Variable speed ECM blower provides humidity and comfort control
- All-in-one control automatically adjusts temperature & monitors humidity levels

CONTROLS

- Carrier Cor Thermostat w/ Wi-Fi
- Remote access
- Humidity sensing
- 7-day programmable
- Touch-N-Go feature

Good

Comfort Condenser
Performance Boost Furnace

Condenser M#24ABC6
Furnace M#58PHB

PERFORMANCE

- 15-16 SEER
- One stage compressor
- X13 High efficiency blower motor
- Baked-on, powder paint
- Wire coil guard
- 80% AFUE furnace
- Slow opening gas valve

SOUND

- Condenser sound level as low as 74 dB
- Furnace: QuieTech noise reduction
- Fully insulated blower compartment

CONTROLS

- Honeywell 6000 Thermostat
- Digital
- Programmable
